Organizational Changes for the Transport Robot related business

On Wednesday, September 1, 2021, Shintec Hozumi Co., Ltd. will implement an organizational change.

With this organizational change, we aim to pursue transportation system solutions that will make our customers even more pleased and to further enhance customer service.

◆ Transport System Sales Department

Reorganized the transportation system sales engineer room and enhanced the sales system.

As a partner who is close to our customers, we contribute to customer success by proposing optimal solutions.

◆ Parts · Service Operation Room

Enhancing service system such as maintenance and repair of Smart mobile robot. We speedily provide "peace of mind" even in the unlikely event.

◆ Operation Platform Development Room

Established a dedicated organization that continually updates the Smart mobile robots and operating systems. We develop robot systems that are easier, more convenient, and more flexible for all customer to use to the fullest degree.
