## Logis-Tech Tokyo 2021 -The 2nd INNOVATION EXPO- Exhibition Information

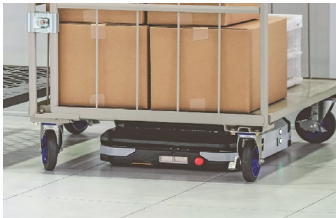

---

Shintec Hozumi Co., Ltd. will exhibit at the  
"Logis-Tech Tokyo 2021 -The 2nd INNOVATION EXPO-".

At the exhibit this time, we will exhibit the transport robot NN-1100 and demonstrate the NN-470. In addition, we will relay online with our head office showroom (Miyoshi-city, Aichi-Prefecture) to show how multiple transport robots work together. We will contribute to the realization of personnel savings and automation of on-site logistics by constructing flexible transportation systems that our company proposes. If you are in attendance, we look forward to you paying a visit to our booth.

### ◆ Exhibit Robot

<Smart mobile robot NEXT "NN-470">

A "Powerful" transport robot despite being "Thin & Small". At this exhibition, we will demonstrate the centering link function that recognizes the casters of the dolly when the transport robot slips underneath and targets the center of the dolly.

<Smart mobile robot NEXT "NN-1100">

A transport robot that can lift up to 1,000 kg while being 155 mm thin.

We offer three types to suit the shape of the objects to be transported.

### ◆ Exhibition Details

Logis-Tech Tokyo 2021 -The 2nd INNOVATION EXPO-
