

October 2021

Exhibited at the "Logis-Tech Tokyo 2021 -The 2nd INNOVATION EXPO-"

Shintec Hozumi Co., Ltd. exhibited at the "Logis-Tech Tokyo 2021 -The 2nd INNOVATION EXPO-" which was held from October 13th to 15th, 2021. The transport robot NN-1100 was exhibited and the NN-470 was demonstrated. The ability of the NN-470 to slip under existing dollies, due to its thinness of 136 mm, and move them in multiple directions attracted attention.

We would like to express our sincerest gratitude to those who visited us. Thank you very much.
