

January 2022

"6th SMART FACTORY Expo" Exhibition Information.

Shintec Hozumi Co., Ltd. will exhibit at the "6th SMART FACTORY Expo".

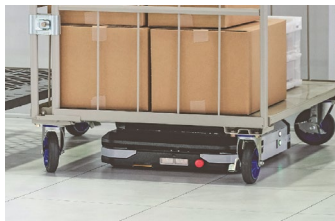

At this exhibition, the NN-1100 (pallet type), NN-470, NN-360, and AISLE logistics Picking will be exhibited. Use of these Transport Robots in combination with DX contents such as smart glasses will be demonstrated.

We will propose solutions that utilize our products with a lean system according to the customer's situation, and contribute to the realization of the customer's request.

If you are in attendance, we look forward to you paying a visit to our booth.

◆ Exhibit Robot

<Smart mobile robot NEXT "NN-470">

A "Powerful" transport robot despite being "Thin & Small". Without remodeling existing dollies, etc., in use perform unmanned transport.

<Smart mobile robot NEXT "NN-1100">

A transport robot that can lift up to 1,000 kg while being 155 mm thin. There are 3 types, but this time the pallet type (center of the image) will be exhibited.
