

October 2022

A "Let's Play With Robots" workshop was held

Shintech Hozumi Co., Ltd. held a workshop on October 10th at its head office (Miyoshi City, Aichi Prefecture) for preschoolers and elementary school students using our transport robots.

A total of 22 people participated in the stamp rally that also served as a tour of the company, the course to move the robot with a controller, and the course to move the robot by programming.

It was impressive to see them challenging themselves to operate robots with great curiosity.

We would like to thank everyone who participated.
