## Shintec Hozumi welcomed Toyota High School of Technology and Engineering, and conducted a company tour

---

Shintec Hozumi Co.,Ltd. conducted a company tour for students of the IT Engineering Department of Toyota High School of Technology and Engineering on Friday, December 16.

The tour included a visit to the production plant for transport robots and a joint connection between the Raas Lab (technology development center) in Tokoname City and the Miyoshi City Head Office to introduce the creation of an efficient production systems, the shipping inspection process, the purpose of technology development, and some of the transport robot developments.

We were also excited by the students' eagerness to listen, learn, and take notes.

We would like to express our sincere appreciation to the students of Toyota High School of Technology and Engineering for coming to our company.

Shintec Hozumi will continue to make further efforts to contribute to the community and society.
